

## ABOUT ME

I recently completed an intensive QA Software Testing course organized by Code Academy (Vilnius, Lithuania) and am thrilled to embark on my career as a Junior QA Software Tester.

Throughout the course, I discovered a strong passion for QA, as it aligns with my strengths: attention to detail, organizational skills, teamwork, and a commitment to continuous learning and growth. I am eager to contribute to the IT field, apply my skills, and work towards new goals with a dedicated team!

## LANGUAGES

LITHUANIAN

ENGLISH

ROMANIAN

## SKILLS

- Attention to Detail;
- Software Testing;
- Functional Testing;
- Manual Testing;
- Creating Test Cases (QASE);
- Bug Reporting and tracking (JIRA);
- Visual Studio Code;
- Basic knowledge of Test Automation (Selenium, Python, JavaScript);
- Strong collaborative skills;
- Motivated and Eager Learner.

## WORK EXPERIENCE

### LITHUANIAN GEOLOGICAL SURVEY UNDER THE MINISTRY OF ENVIRONMENT

Vilnius, Lithuania  
Jan 2018 - Jul 2019

#### Senior Seismologist

- Led the monitoring of seismological data quality and accuracy for reliable reporting.
- Supervised seismic data collection and ensured adherence to quality standards.
- Processed and validated seismic data for accuracy and consistency.
- Monitored and analyzed seismic activity related to quarry explosions.
- Prepared annual reports and bulletins summarizing seismic data findings.
- Responded to inquiries by providing expert analysis and seismology insights.
- Conducted site assessments to identify optimal locations for new stations.
- Supervised and maintained software tools for seismological data management.

## CERTIFICATION

### SOFTWARE TESTING CODE ACADEMY

Vilnius, Lithuania (Remote)  
Oct 2023 - Dec 2023

- Fundamentals of Software Testing: Understanding of testing principles, terminology, and methodologies.
- Software Development Life Cycle (SDLC): Knowledge of SDLC models, phases, and testing activities.
- Test Design Techniques: Proficient in creating and executing test cases using various design techniques.
- Defect Management: Skills in using defect management systems (Jira) and understanding defect life cycles.
- Documentation and Reporting: Competence in preparing test documentation, including test plans, cases, and defect reports.

## EDUCATION

### VILNIUS UNIVERSITY, FACULTY OF CHEMISTRY AND GEOSCIENCES

Vilnius, Lithuania  
2017 - 2019

#### Master's Degree in Physical Sciences

Master degree thesis - Anisotropy of Magnetic Susceptibility of Oriented Drillcores from the Varėna Iron Ore Zone.

### VILNIUS UNIVERSITY, FACULTY OF CHEMISTRY AND GEOSCIENCES

Vilnius, Lithuania  
2013 - 2017

#### Bachelor's Degree in Geology

Bachelor degree thesis - The Elements of the Tectonic Structures of the Crystalline Basement of South Lithuania, Based on the Data of Oriented Drill Core.

### MAŽEIKIAI MERKELIS RAČKAUSKAS GYMNASIUM

Mažeikiai, Lithuania  
2009 - 2013

#### High School Diploma

Lithuanian language; Mathematics; Physics; Geography; English language.
